D2	49.2	50.0	100.0	100.0	
D3	22.6	22.6	22.2	22.2	

Additional Notes

Components

Base (A): Installed before surface material at subfloor level

Bady (B): Outer shell of vent that houses tray. Double channel design for increased airflow.

Tray (C+D): Insert finished surface material. Can slide and remove to access dampers. C and D are permanently joined.

Install Note

This product must be installed before flooring at subfloor level. Use your surface material to customize vent. Height of body can be adjusted to match f**l**ooring.

Airflow Control

Compatible Materials

 $\label{tile} \textbf{Tile}, \textbf{mosaic}, \textbf{hardwood}, \textbf{l} \textbf{a} \textbf{minate}, \textbf{carpet}, \textbf{cork}, \textbf{etc}.$ Material thickness can range from 1/8" to D3 dimension. For smaller thicknesses, plywood may be required. Refer to install guide for proper installation instructions.
